

KCSE Graduate School

Course Evaluation Form for Graduate Courses 2008/2009

- Contact person / responsible teacher and department (including email address and phone number):
- Course name / course code:
- ECTS credits:
- When was the course given: (year, period)
- List the involved teachers and their affiliation:
- When is the next course scheduled?
- How much funding was received through the KCSE Graduate School?
- Please attach (if available) the latest course PM and/or a printout of the course webpage.

-
- Give the total number of students participating together with their department and level (Masters/Graduate):
 - How many students passed the course (examination), together with their affiliation?
 - How many of the students were KCSE students?

-
- Please describe how the funding by the KCSE Graduate School was used (e.g. writing of lecture notes, invited lecturers, general course development, computer resources etc.):
 - In case lecture notes/slides have been written, could you send a copy of these along with this form?
-

- Please give a short course evaluation from the teacher's perspective, including e.g. student's performance, interest and background, and how the learning was achieved.
- Could you briefly summarise the student's opinion on the course? In particular of interest are the opinions of students coming from other departments/research areas (interdisciplinary):
- Are there some major difficulties in the present setup of the course, which could be improved in a coming course?
- Please attach a summary of the course evaluation that has been performed with the students.

-
- Other information:
-

Please send this form to Philipp Schlatter, Director of Studies KCSE, KTH Mechanics, pschlatt@mech.kth.se, Tel. 08 790 71 76.
